Keller | **DeVry University**

Course Waivers at Keller

At DeVry University's Keller Graduate School of Management, your educational and professional experience matter. If you've completed a qualifying bachelor's degree in business or technology, you may be eligible for course waivers applicable to your degree program at Keller.

To qualify, you must have completed your qualifying degree within 10 years of your date of application to Keller and must have graduated with a cumulative grade point average of 3.00 or higher. All requests for course waivers[1] are considered on an individual basis.

Read below to learn about course waivers in Keller's MBA program, as well as in our other business and technology-focused programs.
