

# BUSINESS ADMINISTRATION (MBA)

Concentration: Information Systems Management

## ABOUT THIS DEGREE PROGRAM

### A PROGRAM TO FUEL YOUR FUTURE

**Learn to lead forward.** The Master's Degree in Business Administration (MBA) program focuses on helping you build the skills needed to closely evaluate business situations. Take your leadership skills to the next level by tailoring your MBA with an Information Systems Management concentration.

By electing an Information Systems Management concentration, you will build skills to implement, maintain and upgrade networks as well as to deploy new technologies.

## CAREER OPPORTUNITIES

Graduates of DeVry University's Keller Graduate School of Management MBA program with a concentration in Information Systems Management may consider, but are not limited to the following careers:

- Database Manager
- Information Systems Analyst
- Information Systems Manager

## WHAT YOU'LL LEARN

### CORE MBA

- Develop leadership skills to promote future-forward solutions for organizational success
- Collaborate in a dynamic work environment to support community in a global environment
- Analyze data to help make informed business decisions
- Analyze business opportunities, risks and options to manage financial resources
- Identifying opportunities for technology innovation within organizations
- Integrate managerial and technical skills to boost operating efficiencies
- Examine the alignment of organizational vision with structure, processes and culture
- Apply strategic thinking techniques to improve organizational productivity

### CONCENTRATION

- Apply appropriate concepts and tools of systems development and implementation, emphasizing the life cycle approach to effectively manage business information
- Develop knowledge of enterprise-wide functions relevant in the global economy
- Demonstrate an understanding of the design, development, and operation of a data communications system and computer network and the ability to use a networking software tool to build and analyze network models
